Mr. David M. Schwartz
Attorney At Law
Sullivan & Worcester
1025 Connecticut Avenue, N.W.
Washington, DC 20036

Dear Mr. Schwartz:

As per your request, I am forwarding applications for an alcohol permit and radioactive materials license to cover our needs in the Technology complex.

1. Alcohol Permit

The Buffalo office of the State Liquor Authority tells me that the legal representative of Elkem will have to sign the application. I assume this would be someone in the present Elkem Pittsburgh office.

2. Radioactive Materials License

We were planning to submit this application about October 1 after Mr. Klesta received training by the present Union Carbide Corporation Radiation Safety Officer.

Mr. Brosnahan, who is the present Radiation Safety Officer, has suggested that we explain the transfer of equipment from UCC to Elkem. Hopefully, this will preclude the necessity of hiring outside radiation consultants to survey the instruments.

Very truly yours,

A handwritten signature in cursive script, appearing to read "W. Chynoweth".
